

Remember how you used to daydream on your way to school?

You can do it again. Take the bus and you'll have a little extra time to yourself.

When you drive, you have to concentrate on the road, the traffic, the real world. But when you ride the bus, you can escape into a world far from stress and pressure. You could save money, too.

(The average driver spends about 44 cents per mile including ownership and maintenance.)

Plus, you could help reduce traffic congestion and pollution, which actually makes your bus fare a contribution towards a better environment. So keep it up because—

It all adds up to cleaner air
